

simple one page in 3 button with this url used to background images

[https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350\\_960\\_720.jpg](https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350_960_720.jpg)

1)click song and open this screen

create list variable and fill same url in 4 to 5 times

[https://www.sai.org.in/sites/default/files/108\\_namavali.mp3](https://www.sai.org.in/sites/default/files/108_namavali.mp3)

and used background url

[https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350\\_960\\_720.jpg](https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350_960_720.jpg)

and only play button and download just

2) click movie so open

create Two-Dimensional Arrays with one is image url ,second is mp4 url

1st one : [https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350\\_960\\_720.jpg](https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350_960_720.jpg)

2 is image url : <http://techslides.com/demos/sample-videos/small.mp4>

And

used background url : [https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350\\_960\\_720.jpg](https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350_960_720.jpg)

click to play

2 )image on click in first screen so open image slider

[https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350\\_960\\_720.jpg](https://cdn.pixabay.com/photo/2017/10/25/09/12/background-2887350_960_720.jpg)

used this link and copy paste 4-5 time and used it.and create slider

i hope uderstand better.
